ICD-10-CM
in the
LONG TERM CARE, SWING BED AND SKILLED NURSING SETTINGS

May 21 and 22, 2019

Target Audience: Health care professionals who assign or who use ICD-10-CM Codes in the Long Term Care, Swing Bed or Skilled Nursing setting and who will need to understand the relationship between ICD-10 and PDPM. This includes but is not limited to health information (medical record) professionals or designees, Directors of Nursing, MDS Coordinators, Swing Bed Coordinators, LTC Supervisors, billing personnel, Registered Nurses, Licensed Practical Nurses, Advanced Registered Nurse Practitioners or any other personnel interested in learning the basics of ICD-10-CM Coding, LTC Coding Guidelines, Patient Driven Payment Model (PDPM).

Note: While PDPM will apply only to skilled admissions starting October 1, 2019, information covered in this workshop will also be appropriate for non-skilled admissions as the importance of accurate code assignment, sequencing and quality of documentation is the same no matter what setting or payment status.

Goal: To provide ICD-10-CM training through lecture, discussion and coding exercises, including the need to follow ICD-10-CM Coding and Long Term Care Guidelines and to understand the impact of ICD-10-CM codes with the implementation of PDPM.

OBJECTIVES: At the conclusion of this program participants will be able to:
Day One:
- Understand how the ICD-10-CM code book is organized.
- Accurately assign ICD-10-CM diagnoses codes.
- Understand, interpret and apply ICD-10 coding guidelines for accurate code assignment.
- Understand the basics of PDPM and the relationship between ICD-10 Code and PDPM.
- Practice applying coding guidelines and assigning accurate codes through coding exercises.

Day Two:
- Understand, interpret and apply Long Term Care Coding Guidelines.
- Understand the relationship between ICD-10-CM, PDPM and the MDS.
- Recognize how provider documentation affects codes assigned and how lack of documentation will affect PDPM, and need for documentation improvement.
- Understand the difference between the admitting diagnosis, primary diagnosis and primary diagnosis and the importance of accurate sequencing of diagnoses.
- Create a plan to work with providers on documentation improvement.

WHAT TO BRING: Each participant will need to bring a 2019 ICD-10-CM Code Book.

LOCATION: Garden Room in the Rose Garden Banquet Hall, 2350 E. 8th, Hays, Ks.

SPECIAL SERVICES: The program sponsor wishes to take those steps required to ensure no individual with a disability is excluded, denied services, segregated, or otherwise treated differently than other individual because of the absence of auxiliary aids and services identified in the Americans with Disability Act in order to attend this program. Please contact Barbara Michaelis at barbmich@media-net.net.

WHAT TO WEAR: Casual attire. While every effort will be made to keep the temperature in the room comfortable, participants may want to either dress in layers or bring a sweater.

PRESENTER: Barbara S. Michaelis, RHIA. An independent Health Information Management Consultant specializing in the training on ICD10-CM in the LTC Long Term Care setting, with 45+ years of experience in the Health Information field in both the acute and long term care setting. She was an AHIMA ICD-10 approved trainer from 2012 through 2016 and was member of the KHIMA ICD-10 Task Force in preparation for and at the time of ICD-10 implementation.

CONTINUING EDUCATION CREDITS:
HIM Professionals: Participant will receive the documentation needed to be able to include this workshop when documenting CEUs for the recertification cycle. There would be 6.5 CEUs for day 1 and 6.0 CEUs for day 2.

Continuing Nurse Education (CNE) hours will be offered. Great Plains Health Alliance is approved as a provider of CNE by the Kansas State Board of Nursing. This course offering is approved for 8.0 hours on day 1, and 7.5 hours on day 2. Contact hours applicable for ARNP, RN, LPN relicensure. Kansas State Board of Nursing Provider Number LT0019-0149.

AGENDA:
Day One – Tuesday, May 21, 2019

9:15	Registration
9:30 – 5:00	Basics of Coding – the following will be addressed throughout the day:
--lunch provided (45 minutes)	• Organization of ICD-10-CM code book, format and abbreviations.
	• Coding Guidelines.
--afternoon break at discretion of speaker (15 minutes)	• Discussion of chapters in code book and completion of coding exercises.
	• Relationship of ICD-10-Codes and Patient Driven Payment Model (PDPM)
5:00	Adjourn

Day Two – Wednesday, May 22, 2019

8:30 – 4:00	ICD-10-CM Code assignment in the Long Term Care, Swingbed and Skilled Nursing Settings. The following will be addressed throughout the day:
--lunch provided (45 minutes)	• Long Term Care Coding Guidelines and coding exercises
--morning and afternoon break at discretion of speaker (15 minutes each)	• Relationship between ICD-10-CM, PDPM and MDS.
	• Documentation needed from providers and potential need for documentation improvement.
	• Difference between admitting, primary and principal diagnoses and the importance of accurate sequencing of diagnoses.
	• How to create a plan to work with providers on documentation improvement.
	• Coding Concerns: Individuals are encouraged to submit diagnoses and/or situations which they would like discussed. Examples, scenarios may be submitted, but do not include and protected health information.
4:00	Adjourn
