WHAT IS EBI?

EBI is the 501 c (9) nonprofit, self-funded Association-Sponsored Health Plan of LeadingAge Kansas, which represents faith-based and other nonprofit aging services providers throughout the state. Its sole purpose is to provide excellent, affordable employee health insurance and ancillary benefit options for LeadingAge Kansas members and their employees.

WHY EBI?

An Array of Quality, Affordable Choices for You & Your Employees

As an EBI Member, your organization can choose 2-4 plans from among our 9 Essential, Value, and Enhanced plans to offer full-time employees. Plan rules and employee eligibility criteria apply.

Better Care & Better Outcomes

EBI has specialty support programs to help your employees navigate the complex healthcare system, identify best care options, and to access professional care management for serious conditions such as cancer, kidney disease, diabetes and organ transplant. We include free 24/7/365 telemedicine appointments to diagnose, recommend treatment, and prescribe medication.

Avoid Overpaying for Major Healthcare Needs

EBI assures that fair and reasonable prices are paid to health care providers and that you, your employees and the Plan are not paying for billing mistakes or over charges. This helps keep premiums under control. EBI also offers a price transparency service that provides upfront cost and quality transparency for both medical and pharmacy needs, and a Patient Advocate to help employees navigate the healthcare system.

Networks

Employees can go to the hospital of their choice since they are not in a restricted hospital network with EBI. EBI's physician network is powered by PHCS, one of the nation's largest Independent PPO networks.

EBI ENTRY REQUIREMENTS

To become an EBI Member, your organization must be a LeadingAge Kansas member in good standing. To assure the financial stability of the Plan and protection of current Members, your employees and their dependents must undergo medical underwriting, and you must provide organization financial and administrative information. EBI Members make a 3-year commitment to remain in EBI.

DO YOU WANT TO KNOW MORE?

If you would like to know more about the integration with EBI and what they have to offer, please contact Sharon Earlenbaugh, CEO/Managing Member, at INtegrity Benefit Solutions at **816.216.1979** or searlenbaugh@integritywithbenefits.com.

Additional Benefits Included in Our Health Plans:

MDLIVE

Provides 24/7/365 access to board certified Kansas physicians via telemedicine (there is no cost to use this service and all family members in your household can use MD Live even if they are not enrolled on your health plan).

Regenexx[®]

Offers procedures that are the world's most advanced stem cell and blood platelet procedures for treating orthopedic injuries, arthritis and other degenerative conditions. Their patented procedures use precise injections of your own stem cells and/or blood platelets to help your body's ability to heal damaged muscles, tendons, ligaments, cartilage, spinal disc and bone.

CancerCARE Medical Excellence Program by INTERLINK

CancerCARE assists in navigating through the details of your diagnosis, treatment plan and health plan benefits. The CancerCARE program is committed to simplify this process by providing you with support, guidance and treatment options.

renalogic

Renalogic is focused on solutions that are proactive and member-centric to achieve healthier outcomes and dialysis cost avoidance, not just cost savings.

Registered Nurses work with members to slow the progression of kidney disease, preserve or improve kidney function, improve overall health, and reduce the cost of care for members who might otherwise progress to End-Stage Renal Disease (ESRD).

I am interested in learning more about how EBI can help my organization to improve benefits, employee attraction and retention, and control my long-term benefits cost. I am a Member in good-standing of LeadingAge Kansas. Please contact me:
