# Introduction

The LeadingAge Kansas team provided testimony nearly 15 times on 7 different bills before various committees. The bills LeadingAge Kansas provided testimony on were:

- [SB 191](#) and [HB 2246](#) - See respective testimonies [here](#) and [here](#).
- [HB 2049](#) - See respective testimony [here](#).
- [HB 2267](#) - See respective testimony [here](#).
- [HB 2264](#) - See respective testimonies [here](#) and [here](#).
- [HB 2408](#) - See respective testimonies [here](#) and [here](#).
- [Budget](#) - See respective testimonies [here](#) and [here](#).

In addition, we provided informational testimony before:

- Robert G. (Bob) Bethell Joint Committee on Home and Community Based Services and KanCare Oversight
- House Health and Human Services committee
- Senate Ways and Means committee
- Senate Public Health and Welfare committee

LeadingAge Kansas co-sponsored Monday evening social events to increase networking opportunities with partner associations, lobbyists, and legislators. We hosted our first in-person Day at the Legislature since 2019, and for the first time ever, we partnered with Kansas Adult Care Executives association to put on the event. It was a great experience to raise awareness on aging services issues and amplify our voice with another organization who shares our values and policy goals.

This report is a guide for what LeadingAge Kansas set out to accomplish during the 2023 legislative session and all that we achieved. If you have any questions or feedback for us, please reach out to our Director of Government Affairs Kylee Childs at [kylee@leadingagekansas.org](mailto:kylee@leadingagekansas.org).

# Message from the CEO

---

Our new strategic vision for LeadingAge Kansas promises a laser focus on advocacy, and a commitment to bigger and better strategic partnerships across the state. The 2023 Kansas Legislative Session was our first proving ground, and we are thrilled about the results.

We delivered a record-breaking \$160 million in new funding for aging services programs, and millions more in investments for health care workforce programs. We also defeated bills that would have seriously harmed the health and safety of our sector. The joint legislative events, presentations and testimony we leveraged with partners across the health care spectrum were a key ingredient to that success.

The stronger you are, the stronger we are as an association. Our successes build on one another, and we can't wait to charge into the next legislative session with even more energy and determination to make aging services the most vibrant and growing sector in our state.

Thank you for everything you do for our communities, our seniors and their families. It is an honor every day to serve you.

**"The stronger  
you are, the  
stronger we  
are as an  
association."**

# Session Priorities

Each fall prior to the start of session, the Board of Directors, CEO, and Director of Government Affairs identify priorities or issues of importance to address during the legislative session. This year, there were 7 priorities of interest that guided advocacy efforts throughout the legislative session.

## 01. Lead

LeadingAge Kansas worked with our partners to lead the way on nursing facility and PACE funding for state fiscal year 2024 as well as regulatory oversight and pricing transparency for temporary staffing agencies in long term care.

## 02. Engage

LeadingAge Kansas supported efforts for state investments in health care workforce training and recruitment and HCBS/FE funding to meet increasing needs and avoid unnecessary nursing home placements.

## 03. Monitor

LeadingAge Kansas monitored legislation surrounding involuntary discharge appeal rights for assisted living residents, increased recruitment and retention of health care instructors, and reducing regulatory barriers to entering the health care workforce.

# Priority Bills

There were numerous bills monitored by the LeagingAge Kansas team. Some bills halted after introduction, or died after a hearing or conference committee. The following bills are ones that passed and take effect in the new fiscal year or could be brought back up during next year's session.

Bill Number/Requestor	Bill Subject	Outcome
<p><u>SB 62</u> Senate Financial Institutions and Insurance Committee</p>	<p>Enacting the protect vulnerable adults from financial exploitation act, requiring reporting of instances of suspected financial exploitation under certain circumstances and providing civil and administrative immunity to individuals who make such reports.</p>	<p>SB 62 did not receive a hearing, but has the opportunity to be heard during the 2024 legislative session. The bill ended in Senate Financial Institutions and Insurance.</p>
<p><u>SB 171</u> Sen. Tom Holland, D-3rd</p>	<p>Creating the veterans first medical cannabis act to regulate the cultivation, distribution, sale, possession and use of medical cannabis</p>	<p>SB 171 never received a hearing after being referred to the Senate Federal and State Affairs committee.
