

STANDARDS FOR SUCCESS AFFORDABLE SENIOR HOUSING TRAINING

JAN 25, 2024

11:00 AM - 12:15 PM

 **Via Zoom**

HUD Reporting for Standards for Success can feel overwhelming, and LeadingAge NJ & DE and Pangea want to help!

This session will cover the overall goals of the Standards for Success Report, the various reporting methods available, and introduce the new resident data elements HUD has now included on the report.

During this session, Jill will also link users to the online resource for the SfS Report. This new resource provides ongoing support throughout the year.

FREE FOR MEMBERS

COURSE FEE: \$25

REGISTER

Jill Chance serves as Client Support Engineer for the Pangea Foundation, the developers of the AASC Online and FamilyMetrics cloud case management platforms. In this role, Jill oversees the delivery of custom features and reporting solutions for Pangea's custom clients group, as well as for the HUD Standards for Success program. With over seventeen years of software administration and online database management, Jill provides a welcoming touch for anyone who is seasoned or brand new to case management experience. She holds a BA in business management from Belmont University in Nashville, TN and lives there with her husband and extended family.
