LTCF Registration Guide | COVID-19 Clinics

Overview

By scheduling a COVID-19 immunization clinic, you are taking proactive measures to help ensure your residents and staff are protected from COVID-19.

Walgreens is **required to report** details of every COVID-19 vaccine administration back to the Centers for Disease Control (CDC). Facilities must use the **LTCF COVID-19 Registration Portal** (URL below) to **enter details for every resident and staff member** who intends on receiving a COVID-19 vaccination. It is important that patient registration is **completed at least 24 hours prior** to your first clinic date. This LTCF Registration Guide will help walk you through the registration process.

Access the LTCF COVID-19 Registration Portal here:

<https://covid19vaccineregistration.walgreens.com>

Tips for a Successful Upload

- Facility should use the drop-down menu within the spread sheet
- No apostrophes, dashes, periods, etc in the First or Last Name
- No dashes in the phone number
- Gender must be entered as “M” or “F”
- When applicable, the phone number and address for the residents can be the same as the facility.
- Max of 1,000 lines per file upload

COVID-19 Vaccine Clinic Program

Christina Morris, Regional Director
State Government Affairs
Christina.morris@cvshealth.com

 **CVS**Health[®]

COVID-19 vaccine clinic program will be supported by several **CVS Health** brands

National leader in pharmacy services to Long Term Care

serving chronic care patients across the nation

6.

Confirmation email

5.

Confirmation phone calls to facility contact, confirming clinic dates and details

4.

Consent forms will be shipped directly to facility

3.

Email notification of clinic assigned clinic dates

2.

CVS selects clinic dates and times for each facility

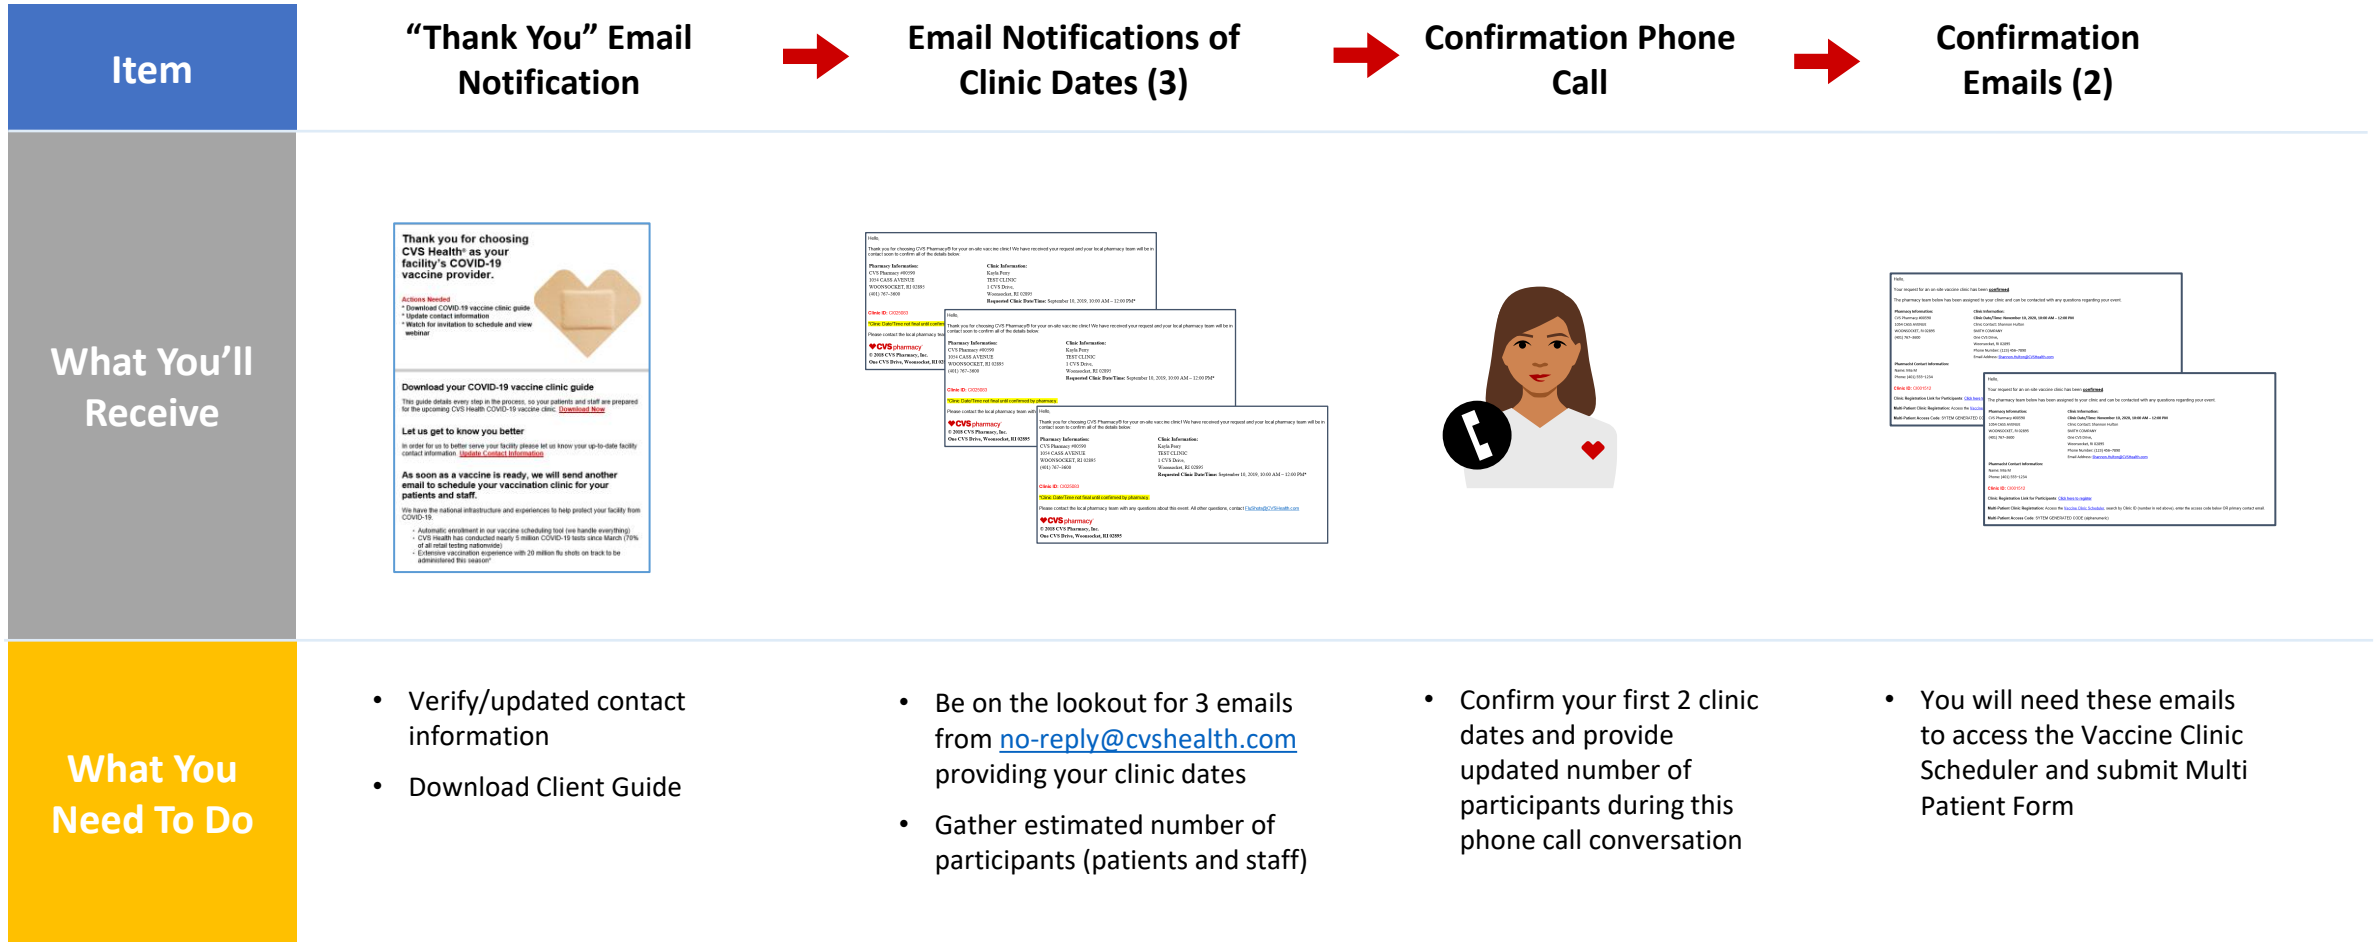

1.

CDC survey completed to request clinic from CVS

What to expect first

“Thank You” Email Notification & Contact Update

Thank you for choosing **CVS Health®** as your facility's **COVID-19** vaccine provider.

Actions Needed

- * Download COVID-19 vaccine clinic guide
- * Update contact information
- * Watch for invitation to schedule and view webinar

Download your COVID-19 vaccine clinic guide

This guide details every step in the process, so your patients and staff are prepared for the upcoming CVS Health COVID-19 vaccine clinic. [Download Now](#)

Let us get to know you better

In order for us to better serve your facility please let us know your up-to-date facility contact information. [Update Contact Information](#)

As soon as a vaccine is ready, we will send another email to schedule your vaccination clinic for your patients and staff.

We have the national infrastructure and experiences to help protect your facility from COVID-19.

- Automatic enrollment in our vaccine scheduling tool (we handle everything)
- CVS Health has conducted nearly 5 million COVID-19 tests since March (70% of all retail testing nationwide)
- Extensive vaccination experience with 20 million flu shots on track to be administered this season*

Save the Date
Upcoming Webinar November 24th, 4-5pm ET

We encourage you to block this time as Omnicare will be hosting a webinar that covers important information about your upcoming clinic. We will send you registration details when available.

Omnicare®
a CVS Health company

One CVS Drive, Woonsocket, RI 02895

Options for Confirming Your Clinic

We call your primary point of contact

A member of our pharmacy team will call the primary point of contact we have on file three times in an attempt to confirm the clinic over the phone.

You can confirm your clinic online (at least 5 days away)

In our continued efforts to provide a better customer experience, you can utilize our online clinic confirmation tool called Confirm My Clinic. The Confirm My Clinic tool can be found at info.omnicare.com/COVID-19-Clinic-Confirmation and can be utilized to confirm any upcoming clinics that are at least 5 days away.

You can confirm your clinic via phone (less than 5 days away)

Facilities with onsite clinics scheduled less than 5 days before execution date should **NOT** submit confirmation through the Confirm My Clinics tool. Instead, they should call **(866) 211-5678** to help ensure successful confirmation and execution of clinic.

Automated Confirmation Email Notification -

S

Clinic Information

Clinic ID	Clinic Name	Telephone	Store Number
Address		City	State Zip

Patient Information

Last Name	First Name	Date of Birth	Gender
Address		City	State Zip SSN* (or driver's license)
Primary Care Provider (PCP) Name		PCP Phone Number	PCP Fax Number
PCP Address		City	State Zip

SSN and state of residence, or state identification/driver's license is needed to verify patient eligibility. If a SSN and state of residence, or state identification/driver's license is not submitted, you will need to attest that you attempted to capture this information before submitting a claim and the patient did not have this information at the time of service, or that you did not have direct contact with the patient and thus did not have an opportunity to attempt to capture this information. Claims submitted without a SSN and state of residence, or state identification/driver's license may take longer to verify for patient eligibility.

If you are part of a Senior Facility clinic, are you a resident or an employee/staff ?

If someone else manages health decisions on behalf of the resident, please provide the following:

Caregiver or Financially Responsible Party Name	Relationship	Phone Number
---	--------------	--------------

Insurance Information: Fill in all that apply

Prescription Insurance:
 Patient is primary card holder (check box if yes)

Pharmacy Insurance Provider	ID #	GRP ID	BIN	PCN
-----------------------------	------	--------	-----	-----

Medicare Fields: (Note: COVID Vaccine will be billed at Part B through your Medicare provider)
 Yes No
 Is the patient age 65 or older or is the patient Medicare Eligible? Medicare Part A/B ID Number (MBI)

Medical Insurance:
 Yes No
 Medical Insurance Provider ID # GRP ID Is the patient the Primary Cardholder?

If you are uninsured, please read the below statement and check the box for acknowledgement:
 I do not have medical insurance, Medicare, Medicaid or any commercial or government-funded health benefit plan I acknowledge that I must answer this question truthfully in order to have the cost of my test covered by the U.S. Department of Health and Human Services (HHS) Uninsured Program. If I have active insurance that I fail to provide, I may be charged in full for the vaccine.

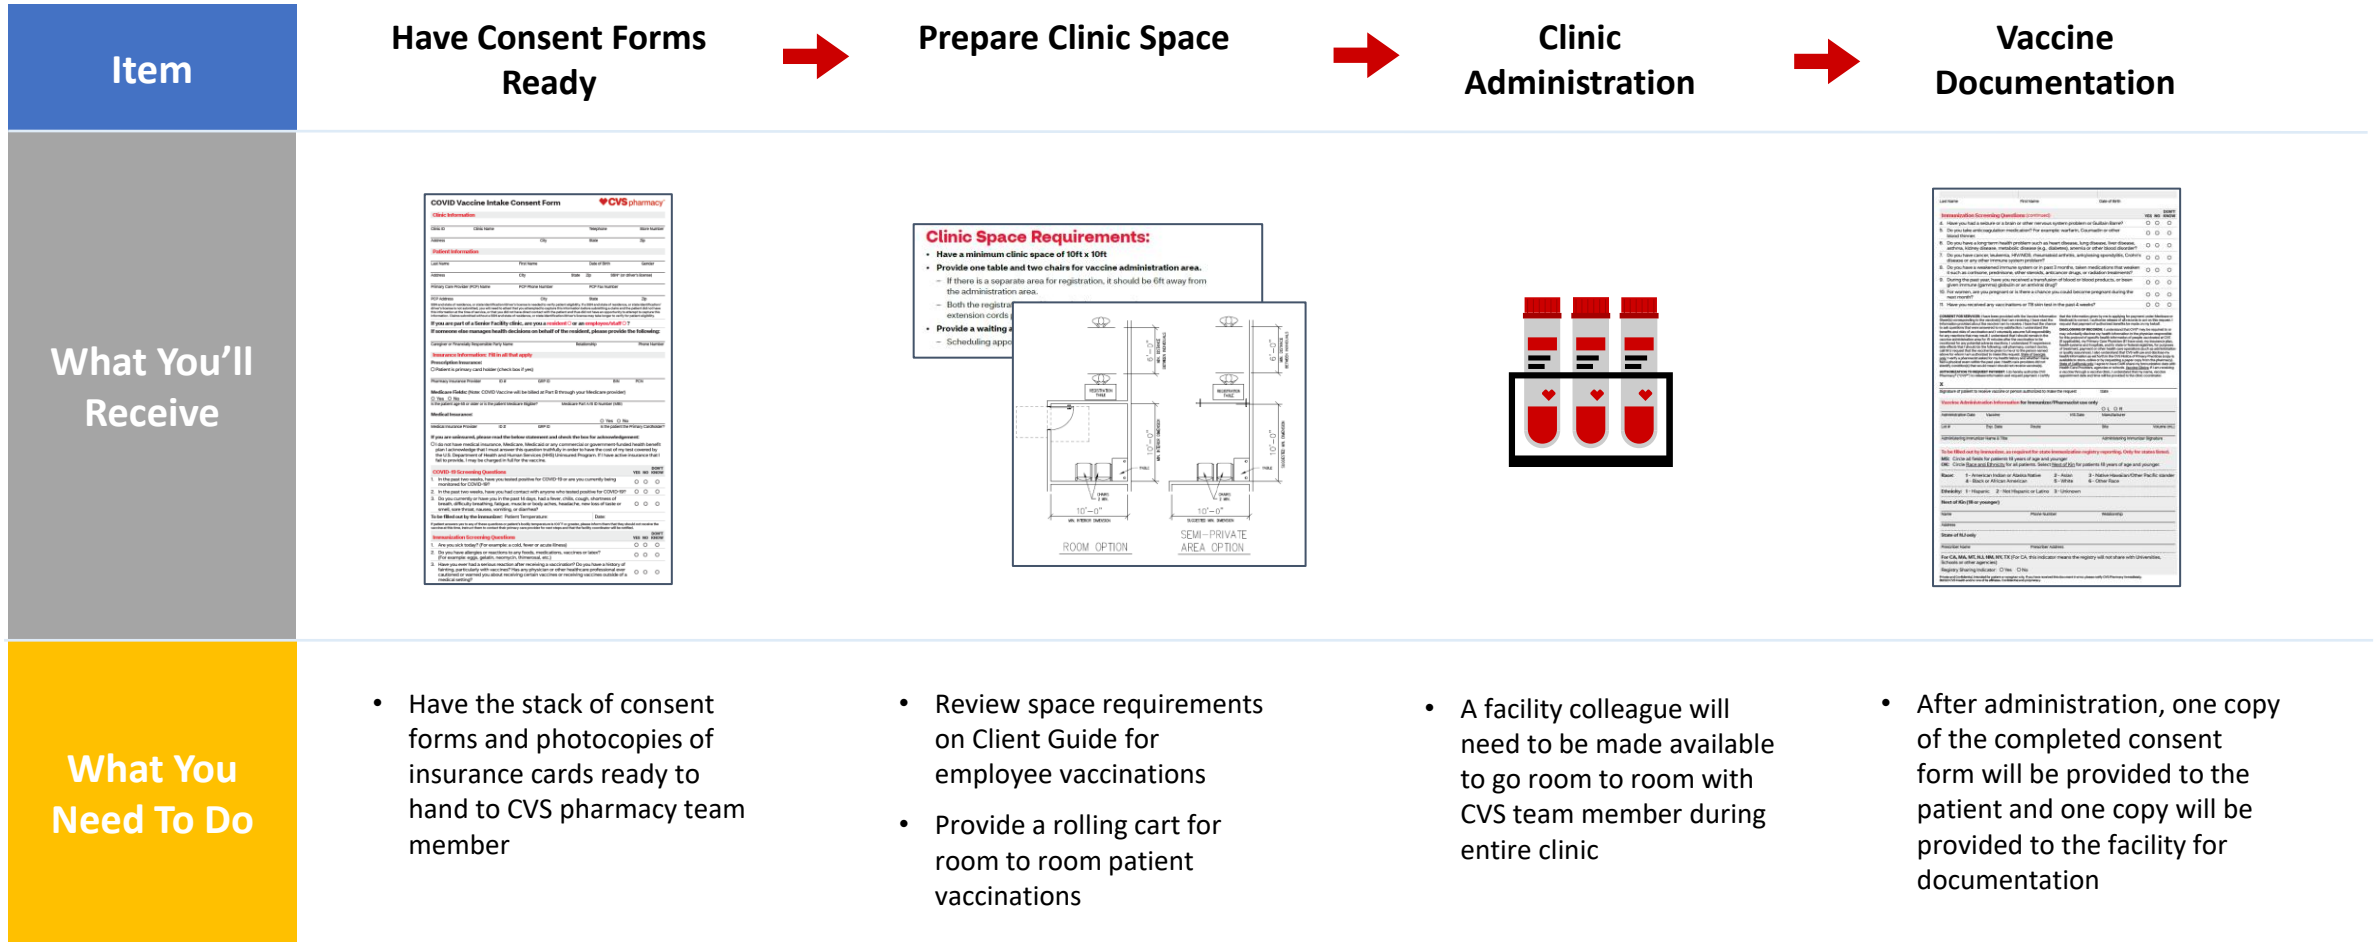

COVID-19 Screening Questions	YES	NO	DO NOT KNOW
1. In the past two weeks, have you tested positive for COVID-19 or are you currently being monitored for COVID-19?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
2. In the past two weeks, have you had contact with anyone who tested positive for COVID-19?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
3. Do you currently or have you in the past 14 days, had a fever, chills, cough, shortness of breath, difficulty breathing, fatigue, muscle or body aches, headache, new loss of taste or smell, sore throat, nausea, vomiting, or diarrhea?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

To be filled out by the immunizer: Patient Temperature: _____ Date: _____

If patient answers yes to any of these questions or patient's bodily temperature is 100°F or greater, please inform them that they should not receive the vaccine at this time, instruct them to contact their primary care provider for next steps and that the facility coordinator will be notified.

Immunization Screening Questions	YES	NO	DO NOT KNOW
1. Are you sick today? (For example: a cold, fever or acute illness)	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
2. Do you have allergies or reactions to any foods, medications, vaccines or latex? (For example: eggs, gelatin, neomycin, thimerosal, etc.)	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
3. Have you ever had a serious reaction after receiving a vaccination? Do you have a history of fainting, particularly with vaccines? Has any physician or other healthcare professional ever cautioned or warned you about receiving certain vaccines or receiving vaccines outside of a medical setting?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

How to plan for a successful event

Clinic Space Requirements

- **Have a minimum clinic space of 10ft X 10ft**
- **Provide one table and two chairs for vaccine administration area**
 - If there is a separate area for registration, it should be 6ft away from the administration area
 - Both the registration and immunization area require a power source or extension cords positioned in a way to safely provide power
- **Provide a waiting area(s) with room for social distancing**
 - Scheduling appointments is highly suggested to reduce crowds

Thank you for selecting CVS Health as your preferred pharmacy provider for COVID-19 vaccine administration!

Since March, CVS Health has led the fight against COVID-19. Now, we're ready to leverage our network of retail pharmacies and our 30,000 pharmacists to administer the vaccine. The purpose of this guide is to walk through the COVID-19 vaccination clinic journey and what to expect throughout this process.

We come to you! Our pharmacy teams will administer COVID-19 vaccinations through our on-site clinic model, making it easy and convenient for your facility's patients and employees to get vaccinated against the coronavirus.

- After administration of the vaccine, the CVS Pharmacy team member will provide one copy of the consent form to the patient, as well as one copy of the form to the facility for documentation.
- Posters can be filled out and hung up around the building to assist with publicizing the clinic event and increase awareness to patients and employees when they can expect to receive their on-site vaccinations.

es and to streamline operations for a positive Health will be automatically scheduled. ed for your facility, for dates and times based on

Live Town Hall Meetings

Visit our webpage! www.omnicare.com/covid-19-vaccine-resource

Have questions about your Onsite Vaccination Clinic?

Join us for our open office-hour forums, specifically for facilities that are partnering with CVS Health, where members of our team will be available to answer your questions. The town-hall-style meetings will run as a webinar with audio/video through the computer. Participating facilities will have the opportunity to ask their questions via chat during the meeting for live responses. Questions unaddressed during the call will be addressed post-webinar by your assigned points of contact.
