AGENDA

8:00 AM - 8:30 AM Registration

8:30 AM - 9:50 AM **Escalating Acuity and Maintaining Independence**

Belinda Vierthaler, LMSW, LACHA | GERTI

The face of assisted living is changing. The average age is increasing, as well as the number of chronic conditions so we must learn how to accommodate these changes. The acuity of residents living in assisted living and home plus communities is like an escalator, so jump on and grab the handrails for the ride. This lively discussion will look at what is causing the “escalator” of acuity, how communities can adapt and flourish, and how to maintain independence for residents.
