## MEMORANDUM

TO County Treasurers and Motor Vehicle Staff  
FROM Lee Ann Phelps, Vehicle Services Manager  
DATE February 10, 2023  
SUBJECT Policy Change for Organizations to Receive Disabled Plates

---

A recent review of K.S.A. 8-1,125 caused reconsideration of our policy against allowing organizations to have disabled license plates when transportation is not their primary function. The relevant part of the statute in section (b) reads:

No person shall be issued more than one special license plate, except that agencies or businesses which provide transportation for person with a disability as a service may obtain additional special license plates for vehicles which are utilized in the provision of that service.

K.S.A. 8-1,125 allows organizations such as adult care homes, assisted living units and other organizations that care for disabled parties to have disabled license plates, as long as transportation of those disabled persons is a service the organization provides. The updated policy and procedure is posted in SharePoint and attached for your immediate reference.

If you have questions please contact county support through chat or by phone at 785-368-8384.
